The Treatment of Influenza or La Grippe

It is quite refreshing these days to read of
a clearly defined treatment for Influenza or
La Grippe. In an issue of the "Lancet-
Clinic," Dr. James Bell, of New York City,
says he is convinced that too much medi-
cation is both unnecessary and injurious.

When called to a case of la grippe, the
patient is usually seen when the fever is
present, as the chill which occasionally
others in the disease, has practically passed
away. Dr. Bell then orders that the bowels
be opened freely with salts. "Acetate" or
citrate of magnesia. For the high fever,
severe headache, pain and general soreness,
one anti-lamania tablet every three hours
is quickly followed by complete relief.
Ask for A-K Tablets. They are also unex-
celled for headache, neuralgia and all pains.

This is a subject that has a place in all
minds in all times. And it naturally di-
rects thought as to the comfort of the mother
during that wonderful
period of expectancy.

Mothers who know recom-
mend "Mother's
Friend." It is an
external remedy for the
stretching muscles, en-
ables them to expand
without undue strain,
assists the organs to
crowd against nerves,
to pull at ligaments to
thus avoid pain.

This restful days are sacred, peaceful
nights are experienced. Morning sickness,
headache, apprehension and other dis-
tresses are among the various things which
women everywhere relate they entirely es-
caped by using "Mother's Friend." And by
its effect upon the muscles the form is re-
tained and they return to their natural,
smooth contour after baby is born.

This is an interesting and valuable thing
to remember. The skin is but a net work
of very small blood vessels and connective
tissue and by keeping it well lubricated, firm
and in strong, vigorous condition it will not
get soft. And when the time has passed
it will return to its natural shape without
the seams and scars that are so liable to be
the case if "Mother's Friend" is not used.

Get a bottle of this invaluable aid to expec-
tant mothers. Any druggist will supply you.
It is harmless but wonderfully effective.

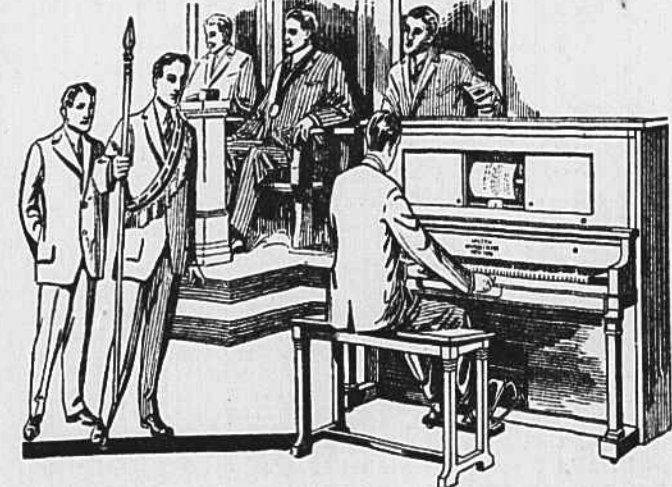

Write to Bradford Regulator Co., its La-
mar Bldg., Atlanta, Ga., for a specially writ-
ten guide book for women interested in the
subject of maternity. It will prove an inspi-
ration. It contains information that every
woman should know all about. Write today.

MOUNDSVILLE, W. VA.

In 1911 this committee was appointed to pur-
chase a player piano for the lodge, and at this date,
January, 1913, you may guess we have investigated
very thoroughly the details of player piano construc-
tion and the many points of merit claimed for the
different makes sold in the Ohio Valley. After this
exhaustive search we decided on the Milton Invisible
Player and we cheerfully recommend it to any one
desiring a reliable, up-to-date player piano.

MOUNDSVILLE, W. VA.

Among the necessary arrangements in furnish-
ing the lodge room and parlor of the Loyal Order of
Moose was a player piano. Our committee looked
over a number of player pianos handled in Wheeling
and in this city and was not long in the selection of a
Matchless Milton Player.

Its beautiful tone, ease of playing, and the dur-
able mechanism make it the ideal piano for lodge or
home, and we cheerfully recommend it.

"When Mildredina Hair Remedy
